DETAILED ACTION

The disclosure is objected to because of the following informalities: On page 2, line 17, "to the receptacle and to the receptacle" is grammatically incorrect. On page 8, line 14, "54" should read --45--. On page 9, line 10, "out of the plunger 80" is inaccurate.

Appropriate correction is required.

Claims 1-19 are objected to because of the following informalities: On page 14, line 5, "housing" should apparently be replaced with --handle--. On page 14, lines 17-18, "to said receptacle and to said receptacle" is grammatically incorrect. Claim 13 should apparently depend from claim 12, to provide antecedent basis for "said core" on page 16, line 23 (note that the core is claimed in claim 12). Appropriate correction is required.

Provided the above objections are overcome, claims 1-19 would be allowed.

In order to expedite the allowance of the application, applicant is requested to authorize the examiner to make any corrections needed by examiner's amendment, in the event that the above objections are not overcome by the applicant.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
